To Whom It May Concern

I trust this message finds you well. I'm writing to inform you about Mr. Bhuvanesh S K, a dedicated and promising student who enrolled in the "Quantum Expert" course in September 2023, and the course is currently ongoing.

The course is jointly offered by QpiAI, a leading Full-Stack Quantum Computing Technology provider, and Indian Institute of Science, Bangalore, India's #1 University as per NIRF Rankings and the world's top research university in terms of Citations per Faculty as per QS World University Rankings. QpiAI courses have 24,000+ registered learners including Mr. Bhuvanesh.

Mr. Bhuvanesh S K is actively engaged in the 6-months "Quantum Expert" course covering Quantum Mechanics, Quantum Algorithms, Communication Protocols, NISQ Devices, Hybrid Algorithms, and Quantum Hardware systems based on Si-MOS and Superconducting Qubits. The course includes hands-on skill building on QpiAI Explorer simulation platform to simulate quantum circuits and execute various quantum algorithms in optimization, machine learning, and simulation. The course also explores frontier applications like quantum-enabled drug discovery and quantum-secure networks. This program equips students with a strong technical foundation and serves as a baseline for future graduate studies and research projects.

I'm pleased to note that Mr. Bhuvanesh has shown the required curiosity and intellectual rigor, completing over 55% of the course, and is on track to complete the course ahead of schedule. His interest and dedication in our programs has made him a valuable member of our cohort. In light of your university's commitment to nurturing the next generation of quantum technology experts, we are excited about the prospects of Mr. Bhuvanesh's academic journey ahead and his contributions to the field of quantum computing.

Thank you for your attention.

Sincerely,

Lakshya Priyadarshi

Senior Director, QpiAI India Private Limited
